Patients enroll and are monitored by a centralized team of nurses. Patients are able to request immediate communication 24/7 with their nurse monitor via secure text, telephone or video chats.

Mobile urgent care visit

DispatchHealth® is a mobile acute care service that offers same day appointments for patients with the goal of preventing unnecessary visits to the emergency room and reducing avoidable hospital admissions and readmissions. Consider DispatchHealth for patients with an acute, not immediately life-threatening medical need who:

- Have difficulty with transportation
- May not come in otherwise
